Sam - here is the presentation. Longer than you requested. There are several photos not sure how many you want to use as they all help tell our story. The last two slides are actually the video of the deep sea dispersant.

Let us know if you have any concerns. Monica

John,

Sam needs a brief powerpoint presentation (10-12 slides) by 1100 hrs to give to Bob Perciaseppe that covers overview of operations and dispersant issues. Monica is available if need be and Steve Mason can provide dispersant issue overview. Recommend we use the REOC presentation with minor modifications. I would like to invite Senior Staff down here for a briefing tomorrow or next Monday so let's plan the presentation for that too. Thanks
